EON

Stall U-13 · University Zone

Bangladesh AI Business Summit 2026

One Brain.
Multi Decision Layer
for your ERP.

EON answers a business question from the live ERP — in English, বাংলা or Banglish. Not a chatbot reading a document: every figure is computed from the ledger, with the rule that produced it and the action to take next.

---

45 business subjects, asked any way

3 languages, each written natively

203 ERP tables read directly

0 language models — nothing is generated
